

# Identifying and Engaging Stakeholders

Our Purpose/Outcome is:

<b>Who?</b> <i>Person, group, organisation</i>	<b>Why?</b> <i>Why would they want to engage?                      What influence do they have?                      What's their contribution?                      What's their willingness to be involved?</i>	<b>How?</b> <i>Level of participation required: Core?                      Involved? Supportive? Peripheral?                      How will we engage?                      Processes, protocols/tikanga, timing,                      who is most appropriate to connect with?</i>
