

Communities of practice

CONNECT

VIRTUAL SUPPORT FOR COMMUNITY ACTIVATORS ●

Welcome to CONNECT

It's our way of saying 'lets learn and share insights together, no matter your place'

CONNECT is for you in you want to:

- >> Be inspired and energised by others working in CLD New Zealand
- >> Bounce off one another's ideas as you explore the challenges and opportunities of your CLD work
- >> Have a safe place to reflect on your practice and share your stories
- >> Build on the skills and knowledge shared at our workshops and continue your own personal pathway in CLD

A Community of Practice is a real ako space where everyone is teaching and learning together.

TO REGISTER VISIT:

<https://inspiringcommunities.org.nz/services/connect/>

HOW DOES IT WORK?

- >> 4 x 2-hour sessions
- >> 6-8 people involved at a time
- >> Bring your own CLD questions, curiosity, stories, and challenges
- >> Intentionally structured learning and reflection space
- >> Grow skills, knowledge, and insights with the power of a group's wisdom
- >> Facilitated by an experienced CLD practitioner from the Inspiring Communities team
- >> Group members participate in ways that create a safe, respectful space where you can trust and talk about your real questions without judgement

WHAT DOES IT COST?

Not for Profit organisations - \$95+GST for four sessions
Local and central government/businesses/funders - \$225+GST for four sessions

WHEN'S IT ALL HAPPENING?

We run CONNECT sessions regularly based on demand, and we work to find a time to suit all participants. Please register your interest via the link above and we'll look forward to connecting with you really soon.

WHAT ELSE DO I NEED TO KNOW?

Groups continue along the same timeframes e.g. first Monday of the month 1-3pm.

To join these online workshops you will need an internet connection and to have downloaded Zoom - a free online video conferencing software. Read some helpful info on Zoom [here](#).

If you're seeking to learn with a diverse range of community practitioners, who have insight into situations similar to those you may be facing, then let's CONNECT.

THIS INITIATIVE IS MADE POSSIBLE WITH THE
