

Child Rich Communities: Working together in community-led ways to enable children to flourish. A half-day CLD sharing, learning and networking forum.

Big change comes from supporting communities to lead. This means working with what matters to local people, in ways that work best for them. Join us to talk with a range of service providers, mana whenua and community-based initiatives about:

- How their mahi is community-led
- How they are contributing to children flourishing in Tāmaki Makaurau
- Their hopes for the future

Co-hosted with Presbyterian Support Northern, this hui is for people working in and with communities. Broaden and deepen your understanding of CLD, share your thoughts, grow your practice, network and have some fun!

When: Thursday 5th March, 9:30am - 12:00pm
